

As a follow-up to the VCCS Chancellor's discussion in our region, CVCC's senior administrators want to **HEAR FROM YOU** on ways the college can best respond to **YOUR NEEDS**.

Please plan to join us at one of these informal discussion meetings and tell us what we do well, what we need to change, and what new programs we should be developing. If CVCC, workforce training, or higher education are on your mind, we want to talk with you!

- October 7, 7:30 am at CVCC's Main Campus, Merritt Hall
- October 8, 7:30 am at Altavista Train Station
- October 12, 3:30 pm at CVCC Amherst Center
- November 3, 7:30 am at CVCC Bedford Center
- November 12, 3:30 pm at CVCC Appomattox Center

Dr. John Capps, President of CVCC, along with Vice President of Academic and Student Affairs Muriel Mickles and Vice President of Workforce Solutions, Ruth Hendrick, will be available to hear your ideas and concerns. Come tell us:

- What is CVCC doing right that should continue?
- What new program areas should be considered?
- What can CVCC do to enhance your workforce needs?
- What concerns do you have about CVCC operations or programming?
- And anything else you would care to share that will help us help you run your organization successfully in Region 2000!

We cannot provide effective programs that meet your needs without your input. Please join us!
